VOL. 1

### SABER FUND GETS TEN DOLLARS FROM SALE OF CANDY

Sixteen dollars gross profit was the result of the candy sale held Monday in the interest of the R. O. T. C. saber fund. Six dollars had to be subtracted for expenses, leaving a net profit of \$10. This money is to be contributed toward the R.O.T.C. sabers.

Forty dollars, it is stated, must be raised, and as far as is known now, it will all be raised through candy sales. The money will be turned into the general saber fund with the understanding that it will be used in lettering the sabers to show by what organizations they were presented.

R.O.T.C. sponsors made the candy and conducted the sale. The sponsors are Laura Pratt '25, honorary colonel; Doris Mossman '24, honorary major; and Cynthia Kinard, Katherine McLane '25 and Evelyn Ritchie, honorary captains. Francis Bowers, '24, colonel of the regiment, issued the order last Wednesday for creating the sponsors. Their function is to make the awards to the men and companies to which they are attached. The three honorary captains were elected by their respective companies.

The R.O.T.C. regiments have been formed in the territory. One is made up by McKinley High School and the other by the University, Punahou and Kamehameha. Bowers is the head of the latter organization.

Miss Pratt, who was conducting the candy sales for the Sophomore class, states that the class will not have any more. From the sales that were held \$25 were raised, which made up for the deficit of \$4 on the dance and enables the class to add another \$21 to the bleacher fund. Miss Pratt declares that lack of support from the class caused her to decide not to have more sales for the benefit of the Sophomores.

The candy for Monday's sale was prepared by the Misses Pratt, Mossman and McLane aided by Lucy Searle '24. Since the undertaking was for the benefit of the R.O.T.C., Francis Bowers '24, Merlyn Forbes '24, and Carl Farden '25 did the "dirty work." Miss Pratt conducted Monday's sale.

### MISS CARTER TO CHOOSE ADEL- PHAIAN CAST

Miss Eunice Carter, director of the Wahiawa playgrounds, will meet all the Adelphai girls at St. Andrew's Priory Saturday, March 17, 1 p.m. The cast for the Greek play to be presented during commencement week will be selected by Miss Carter. The first lesson in dancing will also be given.

On Thursday evening, March 15, at 7:30 six reels of moving pictures furnished by the U. S. Department of Agriculture will be shown in Hawaii Hall. The subjects of the reels are as follows: Modern Concrete Road Construction, Mixed Asphalt Pavements, Building Bituminous Roads, Bricks from Clay to Pavement, Granite Block Paving, What About Macadam? All interested students are invited to attend.

Dr. Dean, Dr. Leebrick and Dr. Harada spoke before the Educational Committee of the House on last Thursday about the language school question.

### ROUGH NECK RIOT PLANNED BY SENIOR AND SOPHOMORE CLASSES

#### Mystery Enshrouds Whole Affair--"Wild and Woolly" Say Leaders of Coming Big Event

Rough Neck Riot is planned by Seniors and Sophomores for the evening of March 29. The "riot," for which there is no general admission charge, will take place in Hawaii Hall. All students, faculty, and friends of the University are cordially invited by the Seniors and Sophomores to be present.

Jitney dancing, a cafe, a dungeon downstairs and many other ideas are being discussed for the projected entertainment. It is expected that the assembly room will be given to dancing and the math room to the cafe. "Wild and woolly," declare the leaders, "is going to be the whole tone of the performance." Details of the stunts to be conducted in the basement and the other events to go in the upper part of the building probably will be formulated during the week.

The combined Senior and Sophomore classes have elected a committee of six, three Seniors and three Sophomores, to take charge of the coming Rough Neck Riot. Those on the committee are Seniors, Henry Bindt, Dora Broadbent and Richard Tong; Juniors, Dyfrig Forbes, Ichio Katsuki and Walter Samson. This committee was elected Monday at a meeting of the combined classes. The committee is to choose its own chairman, and is expected to begin work soon.

Some kind of entertainment was decided upon at a meeting of the Senior class last Wednesday. The chair was authorized to appoint a committee of three to consider plans for the entertainment. The members of the committee were Henry Bindt, Dora Broadbent and Richard Tong. On meeting, the committee found that the Senior class was not large enough to make a success of the projected performance. It was decided to invite the Sophomores as a sister class, to cooperate.

Dyfrig Forbes, president of the Sophomore class; Katherine McLane, and Geraldine Morelock, Secretary, were invited to form a committee to meet with the Seniors. At this time a meeting of the two classes was decided upon.

The combined Senior and Sophomore class meeting was held Monday noon. March 29 was selected as the date for the entertainment, it being felt that the affair would be made sufficiently attractive so that the performance at McKinley High School the same evening would not take away students from the University.

The central committee of three Seniors and three Sophomores was elected at this combined class meeting. It is expected that this committee will formulate the plans for the evening and will supervise the work of carrying them out. Probably the members of the committee themselves will not endeavor to have some one in charge of each event.

Raising money for a class gift is the motive that started the Seniors thinking about an entertainment. The Sophomores listened readily to a money raising proposition as their bleacher fund is not yet complete. The two classes expect to share equally in the expense and profits of the evening. Seven-thirty is the hour at which the

performance will probably begin.

Mystery surrounds the approaching Rough Neck Riot at many points. It has been rumored that children below the age of fifteen will not be admitted unless accompanied by an adult, although no definite ruling in this matter has been announced officially as yet. Other rumors are that there will be a room which the men only will be permitted to enter and perhaps another which the women only will be permitted to enter. The strictest secrecy is being observed as to what these rooms will contain. Some one suggested that Adam and Eve's clothes line will be exhibited, and Dyfrig Forbes '25 proposed that the two classes stage the killing of Dan McGrew.

Other suggestions range all the way from having a bar in the assembly room where dancing will be going on to having fortune telling. Admission to each of these events will be gained by a nominal fee. It is expected that the Senior-Sophomore committee will take as one of its first duties, the planning of an extensive advertising campaign so that the students will be well informed concerning every detail of the riot.

"Vamps" will constitute a novel fea-

(Continued on page two.)

### Preparation Needed for Leadership, Says Pres. Todd

"The world has gone along a good many hundreds of years without you, and I don't think it will go to smash if it has to do without you four more years," was the statement of President E. H. Todd of the College of Puget Sound, who spoke before the student body last Friday morning.

That the young men and women of today should take plenty of time for preparation in order to become world leaders was the theme of President Todd's speech.

"The world is waiting for the product of the colleges and universities—men and women who can think." By way of illustration he pointed out, "When I have a man bore into my tooth I like to have him think about my tooth instead of merely applying some principles which he has been taught."

"Are we just one-eleventh developed?" asked President Todd. "Scientists say that out of the eleven million cells in the brain only one million are developed up to date. It seems that we have some ground for improvement for several years to come."

President Todd pointed out that the educational problems all over the world are pretty much the same; that it is only in their applications that they differ. United States has developed a democratic educational system in that all have an equal chance to become educated at public expense.

"And if ever that spirit of democracy was demonstrated it is right here in these islands," was President Todd's emphatic conclusion.

### VICTORY FORESEEN FOR UNIVERSITY IN A.A.U. MEET

Speculating instinct of the University track fans has been aroused by the approach of the A.A.U. meet. According to their dope sheet, the Deans' cinder scorchers have a good chance of winning if Palama has not developed too many dark horses.

Taking each race separately, it is not hard to see that the University has a good chance of capturing as many as 53 points. As there are a possible 186, these 50 points might win the meet if the remaining points are evenly distributed.

In the 100 yards, Tin Luke and Penhallo should take at least second and third, respectively, with a possibility of Tin Luke's taking first. This would give from 5 to 8 points.

In the 220 Beamer of Punahou is more likely to win, giving Tin Luke, Penhallo, or Tarleton second and third respectively—5 points.

The 440 should see B. Cruickshank and Landers giving May of Punahou a run for his money; for it must be remembered that both of these men have almost equalled May's time.

In the 880 Duke Thompson and J. Cruickshank are relied on for at least 1 point, and if Morse runs, possibly 3.

At least 2 points in the mile run are expected of Snyder, a new arrival from Nevada.

With a little encouragement McGrew or Lyman might place in the two mile run.

The mile walk may turn out unexpectedly for the University. Ormiston and dWicke will be entered. There will also be Church, a dark horse that Klum has been carefully training.

McNicol and Morse should add 2 points in the low hurdles.

Although one of the two imported runners will win the high hurdle, Farden might place.

The Deans are expected to break the record in the relay, with Ault, Tarleton, Penhallo, and Tin Luke as the bacon grabbers—5 points.

In the field events the Deans should do well, although they may not place in the high jump or the shot put.

In the pole vault, Snyder should place, possibly third with 2 points.

Ault, Tarleton, and Farden should jump us for six more points.

The old Greek art should add another point, scored by Farden, McClenen or Wedemeyer—8 points.

Anyone who is inclined to be incredulous of this estimate is referred to the record of the "Fighting Deans" in football and the list of promising candidates below.

Kinney, Hair, Taminura, Collins, Zane, Alexander and Chung.

### AGRICULTURAL CLUB

"Improving Oranges" was the subject of a lecture delivered by Mr. A. D. Shamel to the recently formed Agricultural club of the University Monday evening. The lecture was illustrated with stereopticons.

Mr. Shamel was connected with the H. S.P.A. Experiment station and also with the Department of Agriculture in Washington, D.C.

The Agricultural club is a seminar group which plans to meet every Monday evening for a similar lecture.

Yasuo Goto '24, news editor of Ka Leo, broke his right arm March 6, while cranking a Ford.

## Whazis?--Guy Named Boccaccio Causes Run on Library

By Fuzzy-Wuzzy

We were sitting in K. C.'s class in History 2 the other day, as we are exposed to that subject. K. C. was orating in his usual "make-you-sit-up-and-take-notice" manner, concerning the great writers of the Renaissance. "And Boccaccio," he said, "his works are very human."

"How do you spell that name?" piped up one poor note-taker.

K. C.'s eyes opened wide in astonishment. "What! Don't you know Boccaccio?" he asked in incredulous tones. "Why, he was the one who wrote the naughty, saucy stories! How many of you have read Boccaccio?"

Every hand stayed in the owner's lap.

Business of fainting on K. C.'s part. "Well, I never!"

After class we ate our lunch—then we thought, "Wonder if Old Bo—what's his name wrote real stories, like "The Sheik." We went to the library and asked for Boccaccio.

"I'm sorry," said Miss Hemmenway. "We have five copies of his works, but they all went out at twelve o'clock."

## U.H. Basketball Women Defeat Liberty House

Saturday afternoon the University of Hawaii women's basketball team defeated the Liberty House quintet by the score of 42 to 16.

Regina Messing '26 played a good game, scoring 10 points; May Gay '23 was the highest scorer for the victors, adding 22 points in the third quarter. For the Liberty House team Miss Sylva scored 14 out of 16 points.

The game was opened with Janet Ross '25 and Lucy Searle '24 playing at guards. Anne Deverill '25 and Margaret Wall '25 at centers, and Regina Messing '26 and Doris Mossman '24 at forwards.

Others who played in the game were Kaul Wilcox '26, Dora Broadbent '23, Anita Carvalho '26, May Gay '23.

Elizabeth Lam '26 returned to the University this week after absence caused by illness.

Tomorrow at 12:15 Dr. Palmer will continue his series of talks on Psychology and Religion. As the meeting is open for discussion, all interested may attend the lecture in the English room.

## \$25 Prize Offered for Selling Tickets for Hawaii Play

Tickets for "Mr. Pim Passes By" are now on sale. A prize of \$25 is offered to the person who sells \$250 worth, or more," said Montgomery Clark '26.

The tickets are \$1.50 loges; \$1.00 orchestra and dress circle; 50 cents balcony, and 25 cents gallery.

"No one should overlook the fact that an audience has its part in the success of any play," said Dora Broadbent '23, assistant coach. "The success of the Dramatic club in putting over this big enterprize at the Hawaii Theater on the nights of April 6 and 7 depends largely upon the support it receives, both back of the stage and in front of it, from University students."

"Don't wait for me to ask you to sell tickets, offer your services and see if you can't win that \$25 prize. Here's a chance for Hawaii's spirit to manifest itself once more. Let's make \$1500 our goal!" said Montgomery Clark '26, manager.

## Watch Legislature, Says Dr. Leebrick

"I would advise all students in the University to follow the work of the legislature, particularly with reference to this institution," declared Dr. K. C. Leebrick.

In Dr. Leebrick's opinion one could get a clear idea of what the legislature is doing by following the accounts in the daily newspapers. He said that the substance of all the bills discussed is given and also that it is stated what was done with the bills. Usually the bills are not given in their entirety, but if one wished to get a copy of one, this would be possible by communicating with a legislator.

"If people don't know how the legislature works," Dr. Leebrick said, "they had better visit it a few times or else join my American Institutions class." Dr. Leebrick states that he is ready to answer questions students may have concerning the legislature. He will do this either personally or through Ka Leo o Hawaii. Those desiring to have questions answered through this newspaper may write their questions on a slip of paper and drop this in the box in the hall.

Dr. Leebrick praised the Governor's message, and especially those passages relating to the University. He advised that students who have not read this message as yet, should do so. In speaking of the current session of the legislature, he expressed himself as being very optimistic.

Prof. Hunt's class in Journalism devoted a period on Thursday to the discussion of Ka Leo. Constructive criticism was called for from the members of the class.

Under the auspices of the Chinese Students' Alliance, a debate between St. Louis College and McKinley High School was held Saturday night at the Nuuanu Y. M. C. A. The proposition was: "Resolved, That Strikes are Justifiable." McKinley, on the negative, won the debate. Judges were, Dr. A. L. Andrews, Dr. D. Y. Chang, and Jen Fui Moo.

### PINEAPPLE SHORT COURSE

About fifty people pineapple men have been attending the Short Course lectures last week. More interest in this work was manifested than in former years.

## The Open Forum

To the Editor:

A new activity has made its appearance on the campus—oratory. There is still another one to come—debating. It is recognized by the mainland universities as one of the most valuable activities.

The men and women who represent their alma mater in debating are looked up to by their classmates as leaders who stand for the best in the line of intellectual development. They are recognized as having poise, self-control, and the ability to think quickly and clearly. The coveted honor of being on the debating team is fought for with all the enthusiasm and energy that the would-be debater possesses.

Why not have a debating team at the University of Hawaii? We have the ability; why not develop it? Time spent in this activity is not wasted. The development of reasoning power as well as of personality is worth the time spent in preparation.

Let's have a debating team!

A STUDENT.

Larlette Perry '24 who has been ill for several weeks was at college for a short time Monday. She expects to attend classes, beginning Monday.

## Calendar

Wednesday—12, Staff meeting in Dr. Adams' room; Adelphai meeting. 4 p.m., International Relations Group, Prof. Harada, Math room. 6 p.m., University "Y" Cabinet meeting. 7.15 p.m., University Deputation team.

Thursday, 12.15—"Psychology and Religion," Dr. Palmer, Eng. room.

Friday, 11 a.m., Assembly. 12 noon, Literary Society meeting Math room.

Monday—10 a.m., Candy sale.

### QUESTION BOX

Is Dr. Leebrick paid for the talks and lectures which he gives to various organizations in town, schools, and on the islands?—The only thing of this kind for which Dr. Leebrick is paid is the series of current events lectures which he is giving. His lectures on the other islands and talks before local organizations are treated as part of his work as a professor. Dr. Leebrick states that in California it was customary for professors to be paid sums ranging from \$10 to \$75 a lecture for such matters when doing extension work for the university.

## Y. M. C. A. NEWS

The Annual University Students' Conference was the main topic at the Student Cabinet meeting of the University "Y" held at Central Y. M. C. A. on March 5. It was decided tentatively that the date for the conference will be about the middle of April, and may be held either at Kaneohe or Waiialua.

Emphasis was put upon the place of such a conference during the University year, and what it should involve to contribute most effectively and significantly to the University student life. The Cabinet felt that it must provide ample opportunity for open discussion of all phases of University activity, and be an "open house" to any and all students who wish to talk over important phases of University life and unity.

A general student committee for handling the details of the conference will be chosen and is to meet immediately to definitely get things in shape. Merlyn Forbes '24 who attended the Intercollegiate Conference at Asilomar this Christmas vacation, and who is president of the Student Y. M. C. A., was chosen as one of the Field Members of the National Student Council, representing the Pacific Region.

He will have charge of the Student Conference here this year and hopes it will mean as much to Hawaii's alma mater as Asilomar means to the mainland universities sending delegates there.

The University men's deputation team which made its first trip to Kahuku, held its first weekly meeting with other members of the training group, to form plans for the next visitation. A committee was set to work lining up a schedule for visits to local church groups, and another on getting in touch with some plantations.

The regular meeting will be held tonight at 7:15 at Central Y. M. C. A., and all interested are cordially invited to attend.

## Rough Neck Riot

(Continued from page 1)

ture of the Senior-Sophomore affair, if the suggestion in a committee meeting the other day is carried out. As discussed then, the idea was that all unincumbered males would be "vamped." So far, nothing is known as to who the vampires will be and what methods they will use. The attitude of the members of the Senior-Sophomore committee is that it would be well for every man to bring his "best girl" in order to safeguard from these vampires.

Never before in the history of the institution have two classes combined in such an undertaking. For the last two years the Senior and Sophomore women have pitted their voices against the Junior and Freshmen women in the singing contest, which is one of the events accompanying the annual Flag Rush. In the present case the Seniors and Sophomores, as sister classes, have united as one organization, under the leadership of the central committee of six members, to make a success of the projected Rough Neck Riot. Both classes are interested in the enterprise in a strictly pecuniary manner. In the opinion of student leaders the uniting of these classes is a significant step in the development of class spirit on the campus. It is expected that such class undertakings will become more frequent as time goes on.

Under the auspices of Theta Alpha Phi a reading of "Pygmalion and Galatea" was given last night by Mr. Will Lewers at the home of Laura Pratt '25. Theta Alpha Phi hopes to have an affair of this nature each year.

## R.O.T.C. NOTES

The Annual R. O. T. C. tournament is to be held Saturday, May 19, on Alexander Field, in which University of Hawaii, Kamehameha Schools, Punahou Academy, Honolulu Military Academy, and McKinley High School are participating. McKinley High School is entering the tournament for the first time this year.

The real race for points will commence on May 12, when the different schools will compete in rifle firing, the winner of which will be awarded 10 points. On May 19 the program will be preceded by a parade, after which each organization will be given 10 minutes to put up an exhibition. Finally comes the part of the day when the competitions for the trophies begin. The will be Blank Cartridge race, Wall Scaling, Equipment race, Pig-a-back relay race, and individual competitive drill. Trophies offered by the American Rotary Club, and Hawaiian National Guard will be competed for. At present the University of Hawaii holds the trophies for the Tug-of-war and Blank Cartridge race.

A slight admission fee will be charged to the general public, but University students will be admitted with their A. S. U. H. cards.

Dr. Dean has received a letter from Governor Farrington praising the University unit of the R. O. T. C. for the splendid showing made on Washington's birthday.

The letter follows:  
My Dear Dr. Dean:

I wish to convey to you my appreciation of the splendid appearance presented by the officers and members of the R. O. T. C. unit of the University of Hawaii who participated in the parade and military program held at the Capitol on Washington's birthday. I have been very much interested in the apparent enthusiasm with which the members of the student body have carried out their very important studies and training in military tactics and public health.

The University men marched well, looked well and conducted themselves in a manner altogether to the credit of their Territory and their country.

Yours very truly,  
W. R. FARRINGTON.

Extension Courses in  
Marine Biology and  
Juvenile Delinquency

A course in Marine Biology will be offered by the University of Hawaii Extension service on Monday evenings, beginning March 12 and extending over a period of six weeks.

The course will be conducted jointly by Dr. J. B. Pollock of the Botany department and Dr. C. H. Edmondson of the Zoology department. The lectures will be given at the Marine Biological Laboratory, Waikiki, at 7.30 p.m.

Dr. Lillian Merrill, who was for 10 years connected with the Seattle Juvenile Court, will conduct a course of lectures on juvenile delinquency every Friday at 3.00 p.m., and on Saturday at 2.00 p.m. at the Library of Hawaii. This course will cover six weeks, running from March 3 to April 6. It was arranged by the Central Committee on Child Welfare and the University of Hawaii, in cooperation. No fee is charged.

## JUNIOR ARBOR DAY, MAY 1

Francis Bowers '24, president of the Junior class, has announced that Arbor Day will take place May 1. The Juniors are to turn out in full force, the men digging and planting trees, and the women serving refreshments.

Arbor Day is carried on in conjunction with Mr. C. S. Judd of the Bureau of Agriculture and Forestry.

THERE ARE innumerable ways in which personal injury may be caused by the use of an automobile, and while, as frequently happens, it may be due to the carelessness of the injured person, claims for damages are almost certain to be made, and unless disposed of, an expensive law suit may follow.

Shift this responsibility to a reliable Insurance Company by purchasing a Policy, and when the accident occurs you have simply to report it at once and be relieved of annoyance and expense.

The policy does not expire upon the limits being reached, but continues its warranty to pay within such limits upon every accident that may take place while the policy is in force.

The low rate will surprise you.

EDITORIAL

Half Asleep

What is wrong with the students of the University?  
An attitude of being half asleep seems to pervade the entire student body.  
Will dynamite blast this somnolent condition?  
A real problem confronts the clearest thinkers and best leaders among the students. How can we develop more life and enthusiasm on the campus?  
Not a ripple of interest in the coming A. A. U. meet has been noticeable. Little attention is given to the assembly meetings. So it is with everything.  
Such a dormant state cannot continue. We have big undertakings before us; not the least of which is the play in the early part of April. Tickets must be sold.  
Well—?

Comment on the Straw Vote

Ka Leo o Hawaii thanks those who were interested enough to cast a ballot in the straw vote the other day.  
Seventy per cent approved the Point System and thirty per cent disapproved. Those who disapproved showed lack of knowledge of this system. It is not, as they supposed, intended to give added glory to those holding various offices; but is designed to limit the number of offices one student may hold and thereby to draw a larger number of persons into the activities on the campus.  
Certain changes will be made, if possible, in the policies of Ka Leo so as to make the newspaper more nearly what the students wish. One person intimated that the editorials might deal with more consequential subjects. He, or she, is cordially invited to suggest suitable subjects for editorials.

Flag Rush Rules

Praiseworthy are the new flag rush rules.  
We interpret the application of the rules and customs of the wrestling ring to the Flag Rush, to mean that bees, handcuffs, fire crackers, gum, pepper and all other materials of this sort, are prohibited.  
In our estimation such a ruling is very wise, for the Flag Rush is a contest of physical strength between the two lower classes and the highest degree of fairness and sportsmanship must be maintained.  
Perhaps one omission has been made. There might be a ring drawn about the pole; the contest to be carried on entirely within the ring and the spectators to remain without.

Freshman Discipline and a Lily Pond

Some one has remarked that Yale is not the only university which needs a freshman discipline committee, and adds that such a committee and a lily pond might be of service to the University of Hawaii. Reference to a lily pond would indicate that a "Punahou-ite" is responsible for the comment. We respectfully remind this individual that the University has a perfectly good swimming tank that would have a wholesome influence on the campus if properly used.

Gleanings

Dr. Adams (who has just observed a sleepy-looking student closely examining his watch), "Young man, I don't mind you consulting your watch to see what time it is, but when you put it to your ear to see if it's running—that's carrying things too far!"

Student: "Dr. Edmonson, what's a whiffenpoof?"

Dr. E.: "Never heard of one; what is it?"

Student: "your education must surely have been neglected; a whiffenpoof is a fish that swims backwards to keep the water out of its eyes."

A professor, whose class has consumed the greater part of the recitation hour straggling into class, speaks wrathfully to them somewhat as follows: "I'll tolerate this no longer. If you can't get here on time, you'll have to stay out. After this I'll lock the door on all those tardy."

And the next morning he is fifteen minutes late!

What do you know about that! My, My!

Fond mother, to member of U. of H. basketball squad, just out of training: "Son, if you eat any more of that pie you'll surely burst."

Offspring: "Pass the plate, 'mommer,' and look out."

Downer: "They say this fellow Penhallow is a doggone fast man."

Cook: "I don't know; these girls don't exchange many confidences with me."

"Have a cigar, Kep?"  
"No, I've given up smoking."  
"Well, tell us about her."

Charlie Bourne visited all his regular classes Thursday.

Cornelia to Juanita, who has fallen into the tank:

"Juanita, speak to me. Are you dead?"

"No, not dead, but speechless."

Exam. question in Commerce 12: "If you were called into a meeting of the board of directors of a corporation to advise concerning a new bond issue, what factors would you take into consideration?"

Bright student's reply: "The only thing I'd have to take into consideration would be my dense ignorance of the matter."

ENGLISH 8

"Why is it that each morn and night and in between the girls all sit and ogle me?" the car conductor asked.

Why that's because Dr. Andrews said that they must all observe and write about the man who takes the fares on the street car.

Would not you like to take this course and write about a conductor?

Lieut. Cantrell to Fincke on range: "What is your position?"

Fincke: "Praying—kneeling, I mean."

REMARKS OF CO-EDS

Juanita, observing pole-vault practice: "Why, that man has been misinformed: he's supposed to go over, not under."

Sweet young thing, remarking on Mac's discus swinging practice: "Why, he has been misinformed, too—he's supposed to let go of that thing to see how far it will go!"

14—D. Campbell.  
15—K. Kawahara.  
16—W. Wolters.  
16 Charlie Bourne.  
—Marjorie Clark.  
18—K. Soong.  
20—J. Cruickshank.

COMMERCE 12 STORY

In Commerce 12 Monday Mr. E. H. Van Winkle asked if the members of the classes would "cut" more frequently if a penalty were not imposed by the main office. The ballot taken showed a unanimous opinion that the class, which has about a dozen enrolled, would not take more "cuts."
